

## MINI HUB V3

YOUR ULTRA-COMPACT MULTI-SKILL AND  
HIGH PRECISION GASEOUS ANESTHESIA TABLETOP

**TEM SEGA MINI HUB V3** is offering the last innovative halogen protocols management for rodents anesthesia through its powerful and efficient software.

### multi-skill

Drive the gas through any kind of interface and **be able to manage all kind of anesthesia protocols** (imager, surgery, cardiology, toxicology...).

### precision

**Electronic regulation** for gas flow inlet and used gas outlet.  
**Up to 6 masks and 2 induction chambers on independent channels.**

### efficiency

You can easily carry your **MINI HUB V3, install it on a trolley or into a BSC.** The accurate scavenger can always be tuned to perform an **efficient anti-pollution (< 2 ppm).**

## Your designer-manufacturer for all-in-one animal anesthesia solutions

Since 1992, TEM SEGA is the leading manufacturer in Europe of gaseous anesthesia devices for veterinarian purpose. Our device can be customized to fit many species from mice to horses, and drive all types of labs gas (air, oxygen, CO<sub>2</sub>, Nitrogen and toxic gas). Our values are to offer the highest human and animal protection, improve productivity and precision in research labs, propose modularity and flexibility, and comply with ethic guidelines. Our technical team install, train and support everywhere in the world.

\*Our equipment are complying with European and US regulation, AAALAC recommendations.

# MINI HUB V3

## Technical specifications

Halogen gas filtering system

Carrier gas : Air, O2 or mixed Air/O2

USB port:  
- import/export of anesthesia protocols,  
- software update,  
- stats of use

Exchange mounting system for vaporizer TEC3 or TEC850

Control panel Touchscreen

Induction chamber with heating system

### Mask for rodent

**Dedicated mask** for each race (mice, rat, guinea pig, marmoset) and application (surgery, stereotaxy...)

### Touchscreen

**One touch total control screen.** Memorization, customization et creation of new anesthesia protocols.

### Let's discover our TAG options

Oxygen concentrator  
**NUVO 5**

Laboratory  
air compressor
